uptraded

# FULL-STACK DEVELOPER (SHOPIFY)

**Ready to Level Up Your Development Portfolio?**

Are you eager to enhance your development skills and contribute to a real-world project? Look no further! We're Uptraded, a cutting-edge clothes swapping platform pioneering circular fashion solutions. Currently, we're embarking on an exciting journey to build a web shop prototype built upon a customised Shopify experience , and we're seeking a developer to join us on this endeavour.

*This is a volunteer based, non-paid opportunity.*

**Who We Are**

At Uptraded, we've experienced rapid growth, boasting over 20,000 users and thousands of clothing items finding new homes. Following a recent funding round, we're gearing up to elevate our platform to the next level.

**About the Project**
- Duration: Approx. 4-8 weeks
- Time commitment: Minimum 20 hours per week

**What We're Looking For**

We're on the hunt for a motivated, full-stack developer (m/f/x) based in Germany/ Austria, or remote, who can dive into Shopify development and enable the unique user stories for clothes swapping.

**Required Skills**
- Preferably prior experience working with the Shopify development platform, including knowledge of its APIs, Liquid templating language, and app development
- Experience with React.js, SQL, and JavaScript / JQuery
- Proficiency in both written and spoken English.

**Why This Opportunity Rocks**
- Collaborate with our Head of Product with 20+ years of experience, who will provide invaluable mentorship and write a testimonial for your portfolio.
- Work alongside a dedicated team, collaborating closely with product and marketing professionals.
- Gain valuable startup experience, enhancing your future career prospects and adding weight to your CV.

**Apply Now**
To apply, please send your CV and a brief cover letter outlining your relevant experience and why you're excited about this opportunity to **oi@uptraded.com**

We look forward to hearing from you!
